

NEWS RELEASE

Johnson Controls to host Madison-area contractors at grand re-opening of HVAC supply center on April 16

2015-04-14

MILWAUKEE – (April 14, 2015) – Contractors in the Madison, Wisconsin, area are invited to attend the grand re-opening of the Johnson Controls Source 1 HVAC Supply Center at 929 Watson Ave. on April 16 from 10 a.m. to 2 p.m.

Contractors who attend the grand opening will experience live product displays, interactive demos and the opportunity to talk with vendors and representatives from Johnson Controls Unitary Products Group. They will also enjoy a lunch from 11 a.m. to 1 p.m. catered by Famous Dave's Legendary Pit Bar-B-Que and the chance to win an Appion G5 twin recovery machine, a Fieldpiece SMAN460 digital manifold and a Malco redline starter kit. In addition, the event will include product discounts and other equipment specials, as well as a first look at rebates, sales and promotions associated with the store re-opening.

The Madison location shares a similar footprint, including a self-service showroom, with stores in Tampa and Orlando, Florida, Chicago, Wauwatosa, Wisconsin, and St. Louis, Missouri.

“Our stores feature a floor plan and product line that support a one-stop shopping experience for contractors,” said Tim England, territory manager at Johnson Controls. “Each convenient location offers York, Guardian and Source 1 products as well as HVAC-related supplies from other leading HVAC manufacturers—everything contractors need to complete an installation or repair without having to waste precious time traveling from store to store in search of equipment, supplies and accessories.”

In addition to more than 24,000 HVAC products, the conveniently located supply center will give contractors access to Johnson Controls customer support and training opportunities.

Source 1 is the exclusive supplier of factory authorized service parts and residential accessories for all Johnson Controls Unitary Products residential and light commercial HVAC equipment.

For contractors in the Madison area, the address of the new Source 1 HVAC Supply Center is 929 Watson Ave., Madison, WI, and the phone number is 855-276-6486. To learn more, visit <http://www.source1hvacsupply.com>.

York products from Johnson Controls include energy-efficient, residential central air conditioners, heat pumps, furnaces and accessories, and innovative light-commercial, packaged heating and cooling systems marketed through a national distribution network and delivered to home- and building-owners through qualified York heating and cooling contractors.
